Allocation

*The Alternative Strategies Fund is a sub fund of the RF Bahamas International investment fund. The fund invests substantially all of its assets into the USD-denominated Hedge Strategies Fund. Performance shown above is for Series 1 shares and may differ for other Series. The asset allocation shown is subject to change without notice and at the discretion of the investment manager, subject to the restrictions outlined in the fund's offering documents. Past performance is not a guarantee of future results and all potential investors should consult with a trusted advisor before investing.

Let's Hedge Downside Risk!

The Alternative (Hedge) Strategies Fund (the "Fund") was up 0.68% in September, and 2.65% in Q3 in Q3 and outperformed the benchmark. Over the one year, three year and five year periods the Fund returned 6.68%, 2.60% and 1.55%, respectively.

The chart to the lower left shows the allocation of the Fund, which is invested in 6 hedge funds. The allocation between these funds is nearly balanced, with Marshall Wace Eureka Fund making up the largest portion of the fund. YTD all 6 managers are up and had a positive return.

The strategy of Marshall Wace is a traditional Long/Short fund with exposure across 26 global equity markets. As of September 30th the funds total positions in long exposure 56% vs 44% exposure to short positions.

The strategy of Hudson Bay is more diverse with exposure to credit, convertibles, event/merger, equity L/S, and volatility.

The Millennium Fund employs equity strategies (RV Fundamental Equity, Quantitative Strategies, Equity Arbitrage) and a fixed income strategy. The exposure between equity and fixed income strategies at the end of Q3 was 80% and 20%, respectively.

The Renaissance Institutional Equities Fund (RIEF) is a systematic, long-focused, long-term investment approach aimed at achieving a beta of 0.4 or lower relative to the S&P 500. The Fund invests in a broad range of eligible securities, including both U.S. and international stocks that are publicly listed on U.S. exchanges.

Brevan Howard Alpha Strategies Master Fund was added in Q3 2023 and seeks to generate absolute returns through a diversified combination of strategies including relative value and directional, predominately in developed and emerging fixed income and FX markets.

During the quarter we reduced exposure to Marshall Wallace (23.57% of the total fund) and invested the proceeds and excess cash in the Verition Multi-Strategy Fund, We feel this reallocation and addition of Verition will add diversification and return enhancement.
